RE: Age 21 and Special Needs Funding

I would like to alert you to some confusion regarding this issue. Gerald Farthing has consulted with Brian Hanson to clarify the regulations.

The age considered to be an adult is now 21. A student who is 21 on or before September 30th is considered to be an adult, and is not eligible for special needs funding. The funding regulations as distributed apply pro rated per pupil funding based on full or part time attendance.

If you have specific questions, please contact me.

Thank you.
