## Student Programming

Senior Years courses have an identification system that uses 3-character course designations; e.g., 20F. One of the following codes is used as the 3<sup>rd</sup> character if the expectations for a student are different from the grade-level curriculum in a subject.

**E (EAL–English as an Additional Language):** Course for students for whom English is not a first language, with learning experiences designed to assist in making the transition into regular programming. An EAL Student Education Plan is required.

**M (Modified):** Course for students with significant intellectual (cognitive) disabilities and where the learning goals have been modified to accommodate these individual learning needs. An individual education plan (IEP) is required.
