## Preschool to Kindergarten Consent for Exchange of Information

This spring, your child will participate in Kindergarten Orientation and Screening. During this day, your child will meet the teachers and become acquainted with the classrooms and the school. In addition, your child will participate in a series of developmental screenings in the areas of language, motor, and kindergarten concepts. It is also valuable for parents/legal guardians to fill out a parent/guardian questionnaire and for directors/teachers from Child Care Centres/Nursery Schools to complete teacher questionnaires (where applicable).

This information will be used to help the school team plan for the fall and assist with your child's smooth transition to school. A report will be sent to you following this date, which will provide you with information regarding your child's school readiness skills.
